# PERRT PROGRAM

Psychosexual Evaluation &  
Risk Reduction Treatment

Schedule appointment

Attend evaluation sessions

Get treatment

Begin healing

## WHAT IS IT?

PERRT (Psychosexual Evaluation and Risk Reduction Treatment) aims to identify risks and needs related to sexual behavior and provide treatment. We also give recommendations to reduce recidivism, increase community safety, and bridge gaps between mental health and judicial fields. The program will be open to referrals from multiple agencies across Southern Illinois and includes evaluation, individual and group counseling, and psychoeducation for caregivers and support persons.

## WHAT CAN YOU EXPECT FOR PSYCHOSEXUAL EVALUATION?

- 3 face-to-face 2 hour evaluation sessions
- Private pay only, 1/3 of the payment is due at each evaluation session

## WHAT CAN YOU EXPECT IF RISK REDUCTION TREATMENT IS RECOMMENDED

- Individual and Group Sessions
- Payment arrangements will be discussed
